

## Sunday Cricket in Cheshire: 2018

Clubs will (or should be) aware that in 2017 the Cheshire County League launched a "Sunday Friendly" initiative alongside its already established regionalised Sunday League programme.

It is proposed that this arrangement will continue in 2018 and we hope that as many Cheshire clubs as possible will take advantage of the opportunities offered to increase participation in the game.

The League structure offers regular cricket (between 14 and 18 games per season) with certain eligibility restrictions, whilst the Friendly option is more informal. There are no player eligibility restrictions, and clubs can choose the number of games played and the dates of those games. In addition, we can try to accommodate any travel constraints clubs may have.

To discuss plans for 2018 in more detail, we have arranged two regional meetings at which clubs will have the opportunity to ask questions and offer suggestions as to how the format of the friendly games could be improved.

These meetings will take place at Timperley CC and Chester Boughton Hall CC on the following dates:

Timperley	18 <sup>th</sup> September 2017	8.00 p.m.
Chester	16 <sup>th</sup> October 2017	8.00 p.m.

All Cheshire clubs, whether currently participating or not, are invited to send representatives to either or both meetings. Following the meetings, clubs will be asked to formally indicate which format of the game they wish to participate in, so that we can formulate our plans for 2018.

We look forward to welcoming all clubs to one of the above venues.
