

The League can now confirm all of the individual award winners across all divisions. For Division 5, batting and bowling averages were used to determine the best performers across the six regional divisions. For all other awards, the player with the highest total runs/wickets/dismissals was the winner.

The Annual General Meeting saw several new League Officers take up their positions. With many thanks to Chris Robinson for her services to the league over many years, her role as Disciplinary Officer has been taken over by Steve Wilkins. Lindow's Claire Ashworth becomes the new Safeguarding Officer, while we also welcome several new faces as Divisional Representatives, whose role will be to represent the views of players in their own division. Didsbury captain Roshini Prince-Navaratnam was elected as the representative for Division 1, and subsequent to the meeting, the Executive has appointed new Nantwich captain Bethan Hughes to carry out the same role for Division 2 and Stockport skipper Sarah Vickers as the Division 4 representative.

The following roles remain vacant and anyone interested in what these might involve is invited to get in touch:

- Division 3 Representative
- Strategy & Planning Officer
- Media & Communications Officer

The Executive positions remain unchanged, with Caroline Sheridan, Jo Seddon, Di Totty, Alan Rogers and myself continuing to shape the strategic direction of the league. Long serving Treasurer Bob Halstead continues in his role, and Emma Mallinson remains the Umpires & Scorers Officer.

Aston, Crewe Vagrants and Romiley had their applications for promotion from Division 5 to Division 4 approved, so these clubs will be playing hardball cricket for the first time in 2026. Other promotion applications were approved from New Mills & High Peak North, North East Cheshire, Runcorn and Whalley Range and all of these teams will now play in Division 3. New Mills will also operate a second team – in division 4 – next year.

As we now seek to plan next year's cricket, please be aware of the following timescales:

14th December – please send any proposals for changes to competition regulations to Secretary Alan Rogers. Existing regulations can be viewed [here](#).

14th January – meeting to debate the proposals

25th January – deadline for the email votes on these proposals
